The Rhythm of Spring

"It is spring again. The Earth is like a child that knows poems by heart." —Rainer Maria Rilke

A Note From Dustin

"Flowers appear on the earth; the season of singing has come, the cooing of doves is heard in our land." In this verse, the speaker is describing the arrival of spring and the blooming of flowers as a time of joy and celebration. -Song of Solomon 2:12

This season is a time of warming weather and nature coming back to life. As flowers bloom and animals are born, we are reminded of the innocence and beauty that exist in this world and that there is new life all around us.

Speaking of new: We have a lot of new people and adventures coming our way in our community this Spring/Summer in 2024.

We will continue to show the same LOVE, Care and Compassion each and every day, the only way we know how: #TheWindsorWay

--God Bless
