## 'Bell' Is One

How many words can you come up with using the letters in "bald eagle"?

## An Official Fourth

With the adoption of the Declaration of Independence, America's identity as a free nation famously began on July 4, 1776. But Independence Day didn't actually become a federal holiday until nearly 100 years later, by an act of Congress in June 1870. Celebrating Independence Day with fanfare, food and friends remains a cherished tradition.
