## January 2023

### A Note From the Garden

Happy New Year! How in the world is it the year 2023?

You'll hear everyone say time and time again that the hours, days, weeks, months and now I can even say-- the year has flown by At The Garden.

Another year brings great opportunities and new blessings to be received!

Some new opportunities that we look forward to are to meet new family members and create new relationships.

So let's ring in the year of 2023 with our smiles, positive attitudes and continue to embrace life like we do so well together here.

We are so incredibly blessed to be a part of such an amazing home with so many wonderful people, and ALWAYS know we are here for you. - God Bless

## Spotlight Resident of January: Shirley Maley

In March of 1932, an AMAZING thing happened ... God graced us with Shirley Mitchell from "Wild & Wonderful" Weston, West Virginia. Shirley had a joyous childhood along with her 8 brothers and sisters, where they all fulfilled a promise to their parents, to graduate High School. (Which they all did!)

Shirley was married to Glen Maley for 50+ years and had a successful career as a Registered Nurse. Throughout the years Shirley has been blessed to have a beautiful relationship with her niece, Vicky.

Fast Forward to today, Shirley has built a happy life at Windsor Gardens.

Shirley on her time here at Windsor - "Windsor Gardens is a BIG part of my life, people in KY are so loving. I've met so many wonderful people here, it's just like FAMILY."
